MICROCLEAR

FLOORING CLEAR FINISH

Water Based

MICROFLOOR

Water based, single pack urethane. Tannin blocking, low odour & fast drying. Available in matt, satin & gloss.

MICROFLOOR SLIP RESIST 50

Provides a minimum D1 Dry Slip and P5 Wet Slip Rating.

MICROFLOOR

EXTERIOR Timber coatings

OPAQUE SOLID COLOURS (Wide colour range)

AQUAOIL

Binds wood fibres together to prevent peeling, cracking or splintering. UV resistant. Penetrates without concealing the texture of the substrate.

Quality exterior timber requiring a long-life coloured finish. Ideal for rough sawn timber e.g., Shadowclad.

AQUAOIL OMEGA

A penetrative coating designed to protect against damage caused from snow & salt.

Ideal for alpine & coastal areas on timber requiring a long-life coloured finish.

AQUAOIL

AQUAOIL OMEGA

FULL GRAIN FINISH "Smooth Feel"

MICROCLEAR Int/Ext

A fast drying, non-toxic, low odour, clear urethane with added UV protection. Apply multiple coats in a day. Available in matt, satin & gloss finish. Tintable to either transparent stain or solid opaque colours.

Exterior protected or semi shaded timber, such as eaves, windows & doors. *Refer to TDS

MICROCLEAR

CLEAR FINISH or 2 in 1 STAIN FINISH

NATURAL OPEN GRAIN TIMBER FINISH "Natural Look"

HARDWOOD

PRESERVATION ONLY

QUANTEC

Deeply penetrating, natural matt (clear) oiled finish that protects and preserves the timber. Reduces cracking, splitting, warping, checking, cupping & protects against moisture.

Re-apply every 6-9 months to prevent greying off, or every 3 years if grey finish is preferred.

QUANTEC

COLOUR ENHANCING

TIMBRE PLUS VERTICAL

A low sheen, tough, UV resistance, semi-transparent natural look. May be tinted to one of the transparent stain colours.

Exterior doors & windows, weatherboards, handrails & garage doors.

TIMBRE PLUS VERTICAL

SOFTWOOD

GOLD

Low sheen, penetrating, transparent UV stabilised coating. Golden appearance (red hues). This water repellent, fungal resistant coating enhances timbers natural grain.

Ideal for softwood incl. Cedar, Cypress, Oregon & Treated Pine. Broad timber surface areas: garage doors, cladding & feature walls.

GOLD
